MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT

PROXIES & VOTING

Solicitation of Proxies

The 2020 annual and special meeting of shareholders of Western Energy Services Corp. will be held as follows:

Date: April 28, 2020

Time: 3:30 p.m. (Mountain Time)

Place: The Calgary Petroleum Club, Viking Rooms A&B, 319 – 5th Avenue SW, Calgary, Alberta T2P 0L5

This Management Information Circular and Proxy Statement (the "**Information Circular**") is furnished in connection with the solicitation of proxies by the management of Western Energy Services Corp. (the "**Corporation**" or "**Western**") for use at the annual and special meeting of holders ("**Shareholders**") of common shares ("**Common Shares**") of the Corporation (the "**Annual Meeting**"). Solicitation of proxies will be primarily by mail, but some proxies may be solicited at a nominal cost personally or by telephone, facsimile transmission or other electronic means by directors, officers, or employees of Western who will not be specifically remunerated for such activities. The cost of solicitation will be borne by Western.

Delivery of Meeting Materials to Beneficial Shareholders

The materials for the Annual Meeting are being sent to both registered Shareholders and beneficial Shareholders. If a beneficial Shareholder receives the meeting materials from Western or its agent, that beneficial Shareholder's name and address and information about his or her holdings of securities has been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the beneficial Shareholder's Common Shares on the beneficial Shareholder's behalf. By choosing to send the meeting materials to the beneficial Shareholder directly, Western (and not the intermediary holding on the beneficial Shareholder's behalf) has assumed responsibility for (a) delivering the meeting materials to the beneficial Shareholder, and (b) executing the beneficial Shareholder's proper voting instructions. Beneficial Shareholders are kindly asked to return their voting instructions as specified in the request for voting instructions.

Exercise of Discretion by Proxy

The Common Shares represented by the form of proxy or voting instruction form, as applicable (together, the "**Proxy**"), delivered to Shareholders by Western with the notice of the Annual Meeting and Information Circular will be voted or withheld from voting in accordance with the instructions of the Shareholder, if the Shareholder specifies a choice with respect to any matter to be acted upon. The persons appointed under the Proxy are conferred with discretionary authority with respect to amendments or variations of those matters specified in the proxy and notice of meeting and with respect to any other matters which may properly be brought before the shareholder meeting or any adjournment thereof, in accordance with their best judgement. As of the date of this Information Circular, management of Western knows of no such amendment, variation, or other matter.

Unless otherwise specified, proxies in the accompanying form will be voted in favour of:

- 1. Electing the nominees proposed by Western, as hereinafter set forth, as directors of Western (provided that in the event that a vacancy among such nominees occurs because of death or for any other reason prior to the shareholder meeting, the persons named as proxies reserve the right to vote for other nominees at their discretion);**
- 2. Re-appointing Deloitte LLP as the auditors of Western;**
- 3. Approving the unallocated stock options under Western's stock option plan; and**
- 4. Approving the unallocated restricted share units under Western's restricted share unit plan.**

MATTERS TO BE ACTED UPON AT THE MEETING

Financial Statements

Western will place before the Shareholders at the Annual Meeting the audited consolidated financial statements of Western for the financial years ended December 31, 2019 and 2018 and the auditor's report thereon. No vote by the Shareholders with respect to this matter is required. National Instrument 51-102 – *Continuous Disclosure Obligations*, (the "**Instrument**") provides that Western is no longer required to send annual or interim financial statements or the management's discussion and analysis relating thereto to its registered and beneficial Shareholders unless they request copies of same. However, the *Business Corporations Act* (Alberta) requires that

annual financial statements be sent to each registered Shareholder unless waived in writing by the registered Shareholder. The Instrument also provides that Western must send annually a request form to its registered and beneficial Shareholders that may be used by such shareholders to request any or all of the annual and interim financial statements and the management's discussion and analysis relating thereto. Shareholders are encouraged to review and, if action is desired, send the enclosed return cards to Computershare Trust Company of Canada, Proxy Department, by mail at 135 West Beaver Creek, P.O. Box 300, Richmond Hill, Ontario L4B 4R5; or by hand at 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; or Fax 1 (866) 249-7775. A copy of annual financial statements of the Corporation are available under the Corporation's SEDAR profile at www.sedar.com and on the Corporation's website at www.wesc.ca.

Election of Directors

The affairs of the Corporation are managed by the Board who are elected annually for a one (1) year term at each annual meeting of Shareholders and who hold office until the next annual meeting, or until their successors are duly elected or appointed, or until a director vacates his or her office or is replaced in accordance with the articles and by-laws of the Corporation. The Board has fixed the number of directors to be elected at the meeting at five (5) and the following persons are proposed to be nominated for election as directors of Western at the Annual Meeting. All five (5) director nominees are currently directors of the Corporation. See "Director Nominees" in this Information Circular for additional information on the director nominees.

Director Nominees

Donald D. Copeland	Alex R.N. MacAusland
Lorne A. Gartner	Ronald P. Mathison
John R. Rooney	

It is the intention of the persons named in the Proxy, if not expressly directed otherwise in such Proxy, to vote such Proxies FOR the election of the nominees described above as directors of Western. It is not contemplated that nominees will be unable to serve as directors, but, if that should occur for any reason prior to the Annual Meeting, the persons named in the enclosed Proxy reserve the right to vote for other nominees at their discretion.

The Board has concluded that each nominee is well qualified to serve on the Board. The nominees have the relevant expertise essential to ensure appropriate strategic direction and oversight. Each director nominee has confirmed his eligibility and willingness to serve as a director if elected. Each enclosed Proxy and the voting instruction form for beneficial holders provides for Shareholders to vote for each director individually. In addition, the Corporation has adopted a majority voting policy in respect of the election of directors which is described below.

Majority Voting

The Board has adopted an individual voting standard for the election of directors. Under such individual voting standard, in the event that any nominee for election receives more "withheld" votes than "for" votes at any meeting at which Shareholders vote on the uncontested election of directors, the nominee must immediately submit his or her resignation to the Board and the Board shall determine whether or not to accept the resignation within 90 days after the meeting. The Board shall accept the resignation absent exceptional circumstances. A director who tenders their resignation will not participate in any meeting of the Board or any committee thereof while his or her resignation is being considered. Once a decision is made, Western will promptly issue a news release outlining the Board's reasons for either accepting or rejecting the director's resignation. Such resignation shall be effective when accepted by the Board.

Appointment of the Auditor

The Shareholders will also be asked to approve, by ordinary resolution the appointment of Deloitte LLP of Calgary, Alberta, to serve as auditor of Western until the next annual meeting of the Shareholders and to authorize the Board to fix their remuneration. Deloitte LLP has been the auditor of Western since January 12, 2010. Should Deloitte LLP for any reason be unwilling or unable to accept re-appointment, the Board will exercise their discretion to appoint an alternate auditor.

For a breakdown of the "audit fees", "audit-related fees", "tax fees" and "all other fees" paid to Deloitte LLP by Western in fiscal 2019 and 2018, please see "*Audit Committee Information – Auditor Service Fees*" in Western's annual information form for the year ended December 31, 2019 dated February 27, 2020 which can be found under the Corporation's SEDAR profile at www.sedar.com.

It is the intention of the persons named in the Proxy, if not expressly directed otherwise in such Proxy, to vote such proxies FOR the appointment of Deloitte LLP as auditor of Western.

Approval of Unallocated Options Under the Stock Option Plan

The maximum number of Common Shares issuable under the Corporation's stock option plan (the "Stock Option Plan") and the Corporation's RSU Plan (as defined below), is, on an aggregate basis, 10% of the issued and outstanding Common Shares from time to time. Under the rules of the Toronto Stock Exchange (the "TSX"), the Corporation is required to seek Shareholder approval every three years of all unallocated options, rights and other entitlements under security based compensation arrangements which do not have a fixed maximum number of securities reserved for issuance (commonly referred to as "rolling plans"). The unallocated options under the Stock Option Plan were last approved by Western's Shareholders on May 9, 2017. Therefore, the Corporation is required to seek Shareholder approval of all unallocated options under the Stock Option Plan as provided for below which will, if approved, remain valid for three years following the date of the Annual Meeting. As the resolution proposed only seeks approval for unallocated options, in the event the resolution is not passed, options currently outstanding under the Stock Option Plan will remain unaffected; however, all unallocated options would, in that case, be cancelled and any previously granted options that are cancelled from time to time thereafter will not be available for regrant. The material terms of the Stock Option Plan are described below under the heading "*Securities Authorized for Issuance under Equity Compensation Plans – Summary of Stock Option Plan.*"

To be approved, the resolution approving the unallocated options under the Stock Option Plan requires the approval of a majority of the votes cast by shareholders present in person or by proxy at the Annual Meeting. At the Annual Meeting, the Shareholders will therefore be asked to consider and, if thought advisable, to pass the following ordinary resolution:

"BE IT RESOLVED THAT:

1. the unallocated options issuable under the stock option plan of the Corporation, as amended from time to time, be and are hereby approved;
2. the Corporation shall have the ability to continue granting options under its stock option plan until April 28, 2023, which is the date that is three (3) years from the date of the shareholder meeting at which shareholder approval is being sought; and
3. any one director or officer of the Corporation is authorized, on behalf of the Corporation, to execute and deliver all documents and do all things as such person may determine to be necessary or advisable to give effect to this resolution."

It is the intention of the persons named in the Proxy, if not expressly directed otherwise in such Proxy, to vote such proxies FOR the ordinary resolution approving the unallocated options under the Stock Option Plan.

Approval of Unallocated RSUs

The restricted share unit plan ("RSU Plan") is also a rolling plan, which provides that the maximum number of Common Shares reserved for issuance from time to time pursuant to the outstanding RSUs is not a fixed number and instead shall not exceed a number of Common Shares equal to a percentage of the issued and outstanding Common Shares from time to time (less the number of Common Shares issuable pursuant to all other security based compensation arrangements such as the Stock Option Plan). In accordance with the rules of the TSX, the unallocated RSUs under the RSU Plan are required to be approved every three years and were last approved by Western's Shareholders on May 9, 2017. Accordingly, Shareholders will be asked at the Annual Meeting to approve the grant

of unallocated RSUs under the RSU Plan. When RSUs have been granted pursuant to the RSU Plan, Common Shares that are reserved for issuance under outstanding RSUs are referred to as allocated Common Shares. The Corporation has additional Common Shares that may be reserved for issuance pursuant to future grants of RSUs under the RSU Plan, but as they are not subject to current RSU grants, they are referred to as unallocated RSUs.

As at March 16, 2020, the maximum number of Common Shares issuable under the RSU Plan at any time was 5% of the aggregate number of issued and outstanding Common Shares, provided that the maximum number of Common Shares issuable pursuant to outstanding RSUs and all other security based compensation arrangements, including the Stock Option Plan, may not exceed 10% of the Common Shares outstanding from time to time. As at March 16, 2020, the Corporation had RSUs to acquire 644,747 Common Shares outstanding under the RSU Plan, representing 0.7% of the issued and outstanding Common Shares as at that date. As at March 16, 2020, the Corporation had Options to acquire an aggregate of 7,325,490 Common Shares outstanding under the Stock Option Plan, representing 8.1% of the issued and outstanding Common Shares as at that date. Combined, the aggregate RSUs and Stock Options of 7,970,237 represent 8.8% of the issued and outstanding Common Shares as at March 16, 2020, leaving up to 1,122,944 Common Shares available for future grants under the RSU Plan and all other security based compensation arrangements, including the Stock Option Plan, based on the number of Common Shares outstanding as at that date. If any RSUs or Options granted under the RSU Plan or Stock Option Plan, respectively, shall be exercised or shall expire, terminate or be cancelled for any reason without having been exercised in full, additional Common Shares shall be unallocated and be available for the purposes of future grants under the RSU Plan and all other security based compensation arrangements of the Corporation, including the Stock Option Plan.

To be approved, the resolution approving the RSU Plan requires the approval of a majority of the votes cast by shareholders present in person or by proxy at the Annual Meeting. At the Annual Meeting, the Shareholders will therefore be asked to consider and, if thought advisable, to pass the following ordinary resolution:

“BE IT RESOLVED THAT:

1. the unallocated restricted share units under the restricted share unit plan be and are hereby approved;
2. the Corporation shall have the ability to continue granting restricted share units under its restricted share unit plan until April 28, 2023, which is the date that is three (3) years from the date of the shareholder meeting at which shareholder approval is being sought; and
3. any one director or officer of the Corporation is authorized, on behalf of the Corporation, to execute and deliver all documents and do all things as such person may determine to be necessary or advisable to give effect to this resolution.”

It is the intention of the persons named in the Proxy, if not expressly directed otherwise in such Proxy, to vote such proxies FOR the ordinary resolution approving the unallocated options under the Stock Option Plan.

Other Business

Management is not aware of any matters to come before the Annual Meeting other than those set out in the Notice of Meeting. If other matters come before the Annual Meeting, it is the intention of the individuals named in the Proxy to vote the same in accordance with their best judgment in such matters.

DIRECTOR NOMINEES

The following table sets forth, for each nominee: their name, age, municipality, province or state and country of residence; their committee memberships; all positions and offices with Western now held by them; the period during which they have served as a director; other public company board memberships; their principal occupation for the last 5 years along with a brief biography; and the number and percentage of Common Shares that they have advised are beneficially owned, controlled or directed by them, directly or indirectly, as of March 16, 2020.

Notes:

- (1) Information for Mr. MacAusland, President and Chief Executive Officer of Western, is provided under "*Compensation of Named Executive Officers - Summary Compensation Table*".
- (2) Represents the fair value of the share-based awards granted during the 2019 fiscal year. The fair value of the share-based awards granted to directors pursuant to the RSU Plan (as defined herein) is a theoretical expected value calculated at the date of grant by multiplying the number of RSUs granted by the closing price of Common Shares on the date before the grant date. The closing price on the date before the grant of the RSUs in 2019 was \$0.24.
- (3) The grant date fair value of option-based awards granted to each director pursuant to the Option Plan (as defined herein) is \$0.08 for options issued on August 20, 2019. The grant date fair value for compensation disclosure purposes is calculated using a Black-Scholes option pricing model with the following assumptions: (i) average risk-free of 1.42%; (ii) average expected life of 2.0 years; (iii) volatility of 61%; and (iv) expected dividend yield of 0%. This methodology is consistent with the method used to estimate the fair value of Options in Western’s financial statements.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Corporate Governance and Compensation Committee

The Board established the Corporate Governance and Compensation Committee which is responsible to review and make recommendations to the Board regarding the adequacy and form of the compensation for Western's officers and directors. The Corporate Governance and Compensation Committee regularly reviews the compensation practices of comparable companies.

In particular, the Corporate Governance and Compensation Committee: (a) reviews and approves, as required, Western's goals and objectives relevant to the compensation of the President and CEO and the CEO compensation is based on that review; (b) reviews and recommends to the Board compensation, incentive plans and equity-based plans for non-CEO officers and directors, and for other key employees as identified by the CEO and approved by the Corporate Governance and Compensation Committee, and in particular, reviews and recommends to the Board the annual bonus payments for the CEO and CFO; and (c) reviews executive compensation disclosure before Western publicly discloses such information.

The current members of the Corporate Governance and Compensation Committee are Lorne G. Gartner (Chair), John R. Rooney and Donald P. Copeland. In addition to their experience as members of the Corporate Governance and Compensation Committee of Western, all such members have significant experience in dealing with executive compensation matters as directors and/or senior leaders of other energy-related public companies and all of such members currently serve, or have served, on the compensation committee of the board of directors of other energy related public companies. The Board believes the Corporate Governance and Compensation Committee collectively have the knowledge, experience and background required to fulfill its mandate. The Corporation's corporate governance practices require that all members of its Corporate Governance and Compensation Committee shall be independent. None of the current members of the Corporate Governance and Compensation Committee are officers, employees or former officers of the Corporation or any of its affiliates or is eligible to participate in the Corporation's executive compensation programs. Each current member of the Corporate Governance and Compensation Committee is independent as defined under NI 52-110 and none received any compensation, directly or indirectly, from Western other than for services as a member of the Board and its committees, as applicable.

Compensation Governance

The Corporate Governance and Compensation Committee is responsible for continually monitoring and evaluating the compensation programs for Western's CEO and CFO (collectively, the "**Senior Executives**") and for making recommendations to the Board relating to Western's compensation plans for, and the compensation of, the Senior Executives and Board members as well as the aggregate short-term incentive plan ("**STIP**") pool for a particular year. The Corporation's compensation philosophy is aimed at attracting and retaining quality and experienced people which is critical to Western's success for the benefit of its Shareholders.

Compensation for employees, including Senior Executives and NEOs (as defined in "*Compensation of Named Executive Officers – Summary Compensation Table*" below), is comprised of three elements: base salary, annual performance bonus (i.e. cash bonuses) and long-term incentive compensation pursuant to the Option Plan and the RSU Plan. The objective of the compensation program is to attract, retain and motivate employees to meet the Corporation's short and long-term business goals, as well as create alignment between pay and the results of the Corporation. The Corporation's program balances market competitive total compensation designed to achieve short-term profitability and growth with long-term shareholder value. The Corporate Governance and Compensation Committee reviews all three components in assessing the compensation of the Senior Executives. Salaries and bonuses are intended to provide current compensation and short-term incentive ("**STI**") for employees to encourage them to meet the Corporation's annual performance targets. Options and RSUs are granted as a long-term incentive ("**LTI**") and are designed to align with the benefit associated with the long-term appreciation in Western's share price performance.

The Corporate Governance and Compensation Committee considers and makes recommendations to the Board with respect to the Senior Executives' STI and LTI granted pursuant to the stock option plan ("**Option Plan**") and restricted share unit plan ("**RSU Plan**") (collectively, the "**LTIPs**"); and, if applicable, any provisions within their employment contracts with respect to the same. When making such recommendations, the Corporate Governance and Compensation Committee analyzes a number of factors, including, but not limited to: compensation data compiled from Western's peer group; corporate performance; and individual performance. In assessing corporate performance, Western has established certain financial and health and safety targets discussed below. In assessing the performance of individuals, consideration will be given to objective factors such as the level of responsibility, experience and expertise, as well as subjective factors such as leadership and individual contribution.

The Corporate Governance and Compensation Committee along with the Board continues to review and refine the Corporation's compensation policies and practices to ensure that they are competitive within the oilfield service industry and consistent with the goal of maximizing the performance of the Corporation while not incentivizing excessive risk taking.

Comparable Companies

Western compares the compensation of its Senior Executives and NEOs to the compensation provided to executives in comparable positions of a comparable group of Canadian oilfield service companies. The comparable group is selected based on the nature of the organization's business taking into consideration size, complexity and style of operation. The companies in this comparison group compete with Western for executive personnel and therefore provide a useful benchmark for the Corporate Governance and Compensation Committee in its evaluation of the

compensation programs for the Senior Executives and NEOs. Western looks to the following primary market competitors in comparing its Senior Executive and NEOs compensation:

Akita Drilling Inc.	Precision Drilling Corporation
CWC Energy Services Corp.	Total Energy Services Inc.
Ensign Energy Services Inc.	

Independent Compensation Consultant

In 2019, Mercer (Canada) Limited (“**Mercer**”) was retained and received fees for their annual total compensation survey for the energy sector. In 2018, Kambio Group Inc. Executive Compensation Program

General

Western’s executive compensation program is designed to reward Senior Executives and NEOs based on Western’s overall performance and growth. The program balances annual rewards for achieving individual and corporate success on a short-term basis with equity-based LTIs (Options and RSUs) that are intended to reward the individual based on the long-term share price performance of Western.

Risk Oversight in Relation to Compensation Policies and Practices

As part of its annual review of the Corporation’s executive compensation programs, the Corporate Governance and Compensation Committee takes into consideration a number of factors including an analysis to ensure that the compensation programs provide the Senior Executives incentive to achieve both short and long-term objectives without motivating them to take unnecessary risk. In particular, the Corporation notes the following factors which it believes should mitigate the likelihood that its Senior Executives will take unnecessary or excessive risk for the sake of enhanced rewards, including risks that are likely to have a material adverse effect on the Corporation:

- the aggregate annual performance STIP pool is calculated by management based upon the achievement of certain company-wide financial metrics and safety targets (See "*Components of Compensation – Annual Performance Short-Term Incentive Plan*" below). However the final aggregate STIP pool and the individual allocations are subject to Board discretion based on management recommendations;
- the Option Plan is designed so that Options vest over at least a three year period and therefore encourages share price appreciation over the longer term. In doing so, the Corporate Governance and Compensation Committee believes this reduces the risk of actions which may have short-term advantages over long-term sustainable share price appreciation;
- the RSU Plan is designed so that RSUs and Cash RSUs (as defined below) vest over a three year period and, with respect to RSUs which are treasury settled, encourages share appreciation over the longer term. As with the Option Plan, the Corporate Governance and Compensation Committee believes this reduces the risk of actions which may have short-term advantages over long-term sustainable share price appreciation;
- The Board has adopted an Incentive Compensation Clawback Policy concerning any incentive compensation received by an executive officer or former executive officer made under Western's annual and long-term incentive plans (see "*-Incentive Compensation and Clawback Policy*" below); and
- Other than in the case of new hires, Western does not generally award off-cycle grants of Options or RSUs.

Anti-Hedging/Speculation Policies

In addition, the Corporation discourages short-term speculation on its shares. The Insider Trading Policy of the Corporation provides that no director, officer, employee or consultant of the Corporation shall engage in any of the following activities with respect to the securities of the Corporation:

- trading in securities of the Corporation on a short-term basis. Any Common Shares purchased on the open market must be held for a minimum of four months and ideally longer;
- purchase of Corporation securities on margin for the purpose of short-term speculation;
- short sales;
- buying or selling put or call options;
- purchasing financial instruments which are designed to hedge or offset a decrease in market value of equity securities granted by the Corporation as compensation or held, directly or indirectly, which financial instruments include but are not limited to, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly.

The Insider Trading Policy is available on the Corporation's website at www.wesc.ca.

Incentive Compensation Clawback Policy

Further, the Board has adopted an Incentive Compensation Clawback Policy concerning any incentive compensation received by an executive officer or former executive officer made under Western's annual and long-term incentive plans, including all equity and equity-based incentive compensation plans ("**Incentive-Based Compensation**"). The policy permits the board of directors, in instances where it determines it is in the Corporation's best interests to do so, to require reimbursement of all or a portion of Incentive-Based Compensation paid or granted to a current or former executive officer that: (a) was calculated based upon, or contingent on, the achievement of certain financial results that were subsequently the subject of or affected by a material restatement of all or a portion of Western's financial statements; and (b) the executive officer or former executive officer of Western engaged in intentional misconduct or fraud that caused or partially caused the need for the restatement, as admitted by the executive officer or former executive officer or, in the absence of such admission, as determined by a court of competent jurisdiction in a final judgment that cannot be appealed; and (c) the incentive compensation payment received would have been lower had the financial results been properly reported.

The Incentive Compensation Clawback Policy is available on the Corporation's website at www.wesc.ca.

Components of Compensation

The overall compensation program for employees, including the Senior Executives and NEOs, is comprised of three primary components:

Base Salaries and Benefits

Salary amounts are set giving consideration to the skills required to carry out the Corporation's business plan and how well the expertise and experience of these individuals fit with those requirements and the competitive marketplace. In addition, employees are provided benefits which include health and dental, short and long term disability and life insurance. As part of the benefits for employees in general, the Corporation has a matching plan ("**Matching Plan**") whereby employees are given the option to contribute from 2% to 5% of their base salary to the plan which will, at the option of the employee, allocate such amount to a Registered Retirement Savings Plan ("**RRSP**") or a Non-registered Savings Plan ("**NRSP**"). Contributions can be directed to purchase Common Shares or other designated securities available within the RRSP or NRSP and the Corporation will match RRSP or NRSP amounts and those matched funds will also be used for a RRSP or NRSP contribution. The foregoing is administered by a third party and such acquisitions of Common Shares can occur within the Matching Plan at any time.

Annual Performance Short-Term Incentive Plan

Employees are eligible to receive an annual cash bonus based upon a combination of corporate and individual performance. The Corporation's STIP is designed to reward eligible employees for performance against goals and objectives established at the beginning of the performance period. The STIP is structured to encourage and reward

employees to maximize the Corporation's short-term results. Performance measures are established by management at the corporate level for all eligible employees annually and are then reviewed and approved by the Board. However, the actual STIP pool amount and the individual bonus are subject to the discretion of the Board.

The STIP Pool

Under the Corporation's compensation program, the target STIP pool is established by determining the total STIP target amounts for all the employees as recommended by management for the year. The total STIP amount is a multiple of the target STIP pool determined and recommended to the Board based on the following performance guidelines:

1. Return on capital employed ("**ROCE**"). ROCE is calculated by dividing the pre-bonus earnings of the Corporation before interest and taxes by the average capital employed which is calculated as the average current assets (excluding cash) plus average property and equipment, less average current liabilities (excluding interest, tax and bonus payable amounts); and
2. Total recordable incident frequency ("**TRIF**"). TRIF is a lagging indicator that determines the injury rate based on the number of recordable injuries and the total number of hours worked in a year. The foundation of the formula for calculating TRIF is defined by the Occupational Health & Safety Administration, a federal agency of the United States that regulates workplace safety and health. TRIF is calculated by multiplying the number of recordable injuries and illnesses incurred during the year by 200,000 and dividing that product by the total number of hours that were actually worked by employees. The "200,000" used in this calculation is the equivalent number of hours for 100 employees working 40 hours per week for 50 weeks. The overall annual TRIF which is determined at the end of the relevant year is based on the total number of recordable injuries for all divisions and the total hours worked for all divisions in the year.

Management believes the use of ROCE as a financial performance measure provides direct alignment with the interests of shareholders by providing a tangible financial target that must be met in order for employees to realize economic value under the STIP. Management also believes that the use of ROCE provides a balanced management approach that encourages prudent entrepreneurial risks and efficient capital deployment.

In addition to the financial performance measure, the Corporation also uses TRIF as a health and safety performance measure. The use of TRIF reinforces the Corporation's commitment to protect the health and safety of its employees, contractors, clients and other third party personnel in the communities in which the Corporation operates. The use of TRIF as a performance target also ingrains health and safety as a core part of the culture of the Corporation.

Upon final determination of the stated metrics compared to the established targets, the STIP pool and individual amounts to be paid to the Senior Executives as recommended by the Compensation Committee are provided to the Board for its review and approval.

In recent periods, giving consideration to the Corporation's financial position and industry conditions, the actual amount available for payment in respect of the STIP plan has been adjusted downward to an amount that the Board, upon recommendation of Management, determined is financially sustainable for the Company while also reflecting the Board's compensation philosophy.

The 2019 ROCE payout threshold was met and the TRIF target was exceeded. In accordance with the STIP plan, the target STIP payment amount for NEOs was \$1,554,613. However, the actual STIP payment was reduced by the Board, upon recommendation of Management, to \$614,500. In 2018, the ROCE payout threshold was met and the TRIF target was exceeded. This resulted in a target STIP payment for NEOs of \$1,608,000; however, the actual aggregate STIP payment was adjusted downward by the Board to \$629,000.

Long-Term Incentive Compensation

Options

Options are viewed as an effective incentive to balance directors, officers, employees and consultants' focus between short-term operating performance and profitable long-term growth, which should translate into share price appreciation for the benefit of shareholders. With Option grants vesting over time, they also should serve as an effective employee retention tool. Despite the dilutive aspect of Options, they directly align the interests of management and shareholders as the benefits derived from Options parallel the benefits realized by shareholders through share price appreciation. Options provide the potential for long-term rewards and above-average total compensation for superior, longer-term performance.

Existing or proposed directors, officers, employees and consultants are eligible to participate in the Option Plan. The Option Plan authorizes the Board to issue Options. Awards of Options are made from time to time to participants at varying levels consistent with the individual's position and responsibility. The Board approves Option grants as recommended by the Corporate Governance and Compensation Committee. Subject to any limitations imposed by any relevant stock exchange or regulatory authority, the exercise price of an Option granted under the Option Plan shall be determined by the Board (at the recommendation of the Corporate Governance and Compensation Committee), but the exercise price shall not be less than the closing trading price of Western's Common Shares on the trading day immediately prior to such date of grant. The Corporate Governance and Compensation Committee may recommend to the Board the time during which Options vest and the method of vesting, or that no such vesting restriction shall exist. In the absence of any such restriction as to vesting options granted vest at a rate of one third each on the grant date, first and second anniversaries of the date of grant, and shall have a maximum term of five years. The term and other provisions of the Options are subject to the terms of the Option Plan. Previous Grants are not taken into account when considering new grants of Options.

RSUs

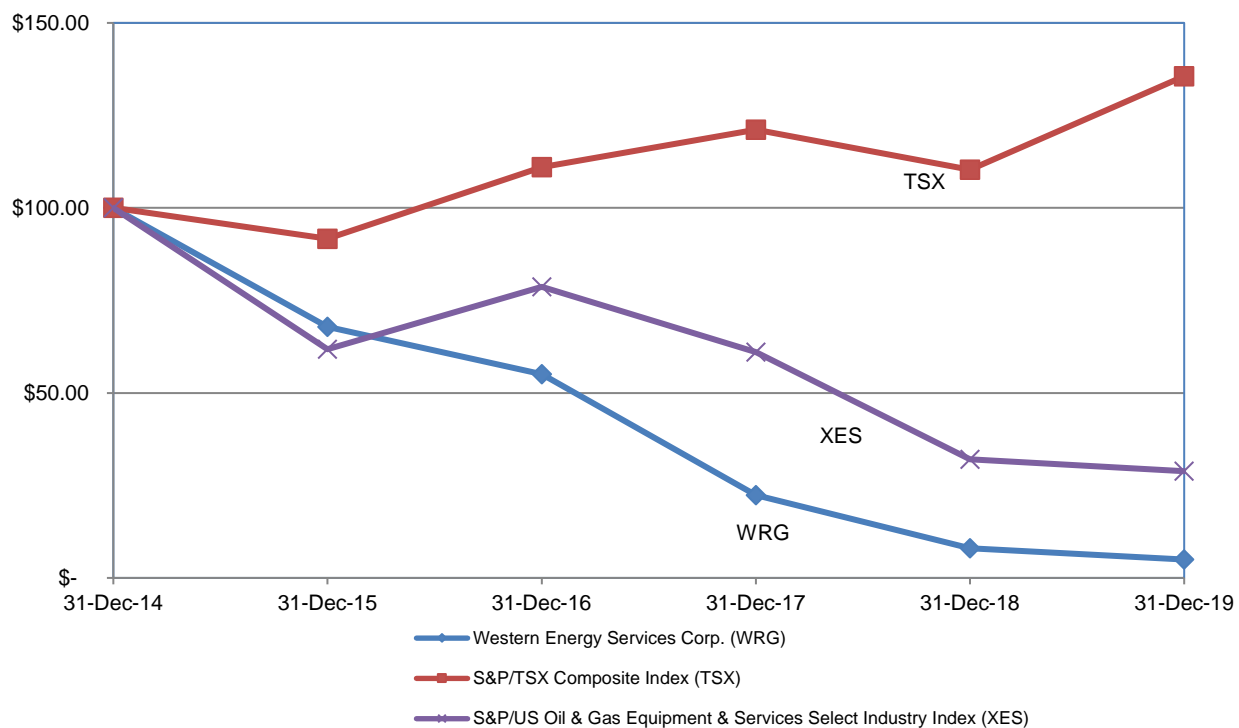

Existing or proposed directors, officers, employees and consultants are eligible to participate in the RSU Plan. The RSU Plan authorizes the Board to issue RSUs. Awards of RSUs are made from time to time to participants at varying levels consistent with the individual's position and responsibility. The Board approves grants as recommended by the Corporate Governance and Compensation Committee. Previous grants are not taken into account when considering new grants of RSUs. The term and other provisions of the RSU are subject to the terms of the RSU Plan. RSUs vest at a rate of one third each on the first, second and third anniversaries of the date of grant. Upon vesting RSUs can be settled at the sole discretion of the Board (at the recommendation of the Corporate Governance and Compensation Committee) through the issue of Common Shares from treasury or through purchase on the Toronto Stock Exchange, or settlement may be in the form of cash in which case the number of vested RSUs would be multiplied by the vesting date share price to determine the quantum of the cash settlement (for clarity, RSUs settled with Common Shares are referred to herein as "RSUs" while those settled in cash will be referred to as "Cash RSUs", Cash RSUs are not considered dilutive).

Performance Analysis

The graph below illustrates Western's share performance over the last five years.

Share Price Performance in Relation to Executive Compensation

Each of the following three NEOs, being Alex R.N. MacAusland, Jeffrey K. Bowers and Rick M. Harrison have been with the Corporation since before December 31, 2014. The other two NEOs, being Jack R. Pepper and Peter J. Balkwill have been with the Corporation since before April 30, 2015. Over the period of December 31, 2014 to December 31, 2019, Western's drilling rig fleet increased from 53 to 57 drilling rigs, making Western the fourth largest contract drilling contractor in Canada (based on the number of rigs currently registered with the Canadian Association of Oilwell Drilling Contractors ("CAODC") and further diversified into the United States. In 2015, Western successfully completed a significant capital build program. In 2018 and 2019, Western established operations in the Permian basin in the United States, acquiring and re-furbishing one rig and re-deploying an underutilized Canadian rig. Over this same time period, the well servicing rig fleet has remained steady, increasing by one well servicing rig to total 66 service rigs at December 31, 2019. In late 2018, the well servicing division established operations in California by re-deploying three underutilized rigs from its Canadian fleet.

A significant crude oil and natural gas price decline started in June 2014. The low commodity price environment drove a significant reduction in drilling activity in Canada, continuing through the first half of 2017 and reaching bottom in 2016. Operators remained focused on shareholder returns and debt repayment, further constraining

capital spending. Global crude markets received some support with OPEC intervention in 2017 and there was a modest increase in operator capital spending. However, in October 2018, continued production growth from shale oilfields in the United States and a lower than anticipated reduction in exports from Iran resulted in higher than expected global crude oil supply, which put considerable pressure on crude oil pricing. This pricing pressure was compounded in Canada as refinery maintenance and crude oil egress limitations resulted in record wide differentials for Canadian realized crude oil prices. In response to the situation facing oil producers in Alberta, the Government of Alberta mandated an oil production curtailment which is gradually being relaxed. This narrowed the pricing differential however, the curtailment significantly suppressed industry drilling activity in 2019.

Over this period, Western continued to focus on maximizing profitability and balance sheet preservation, navigating within the constraints of the depressed Canadian industry environment. Overhead and administrative support levels were downsized to match activity levels, maintenance capital was carefully managed and expansion capital was limited to projects with compelling returns and rapid payback. Given the challenges facing the Corporation's customers in Canada, Western established operations in the Permian basin and Bakersfield, California as described above. This expansion allowed for increased market diversification and provides a platform that will allow Western to grow if demand warrants.

During the first quarter of 2018, the Corporation successfully re-financed its Senior Notes, by re-paying the \$265.0 million 7% Senior Notes with a combination of a single draw on a new \$215.0 million 7.25% Second Lien Facility, cash on hand and funds available under the Corporation's existing Credit Facilities. The re-financing reduced interest costs, improved total debt metrics and extended long term debt maturity to January 31, 2023. In the fourth quarter of 2018, the Corporation voluntarily decreased the borrowing limit on its Revolving Facility from \$70.0 million to \$50.0 million in Q4 2018, reducing interest costs. In conjunction with the rightsizing of the Credit Facilities, the Corporation removed the debt service coverage ratio, increasing financial flexibility.

Western's Corporate Governance and Compensation Committee believes that the compensation paid to the NEOs in 2019 was appropriate considering the success of Western's operations and management's ability to navigate the competitive market during 2019, managing capital, operating and overhead expenditures to preserve the balance sheet. The Share Price Performance Graph since 2014 set forth above and the Summary Compensation Table set forth below demonstrate the correlation that exists between the compensation paid to Western's NEOs and Western's total shareholder return ("TSR") over the three year period. Senior Executives' total reported (versus realizable) compensation over the past five years has trended down in conjunction with Western's TSR, and the impact on Western's TSR from the decline in the share prices of North American oilfield service companies throughout the period to 2019 is reflected in the difference between the realizable and reported compensation of Western's CEO and CFO as illustrated in the tables on pages 25 and 26. Compensation for the NEOs also reflects the high level of variable pay, both short and long term, which forms part of the total compensation program for the Corporation's executives.

Notes:

- (1) Mr. MacAusland is not compensated for his role as a director of the Corporation.
- (2) Includes RSUs and Cash RSUs and represents the fair value of the share-based awards granted during the year. The fair value of the share-based awards granted to NEOs pursuant to the RSU Plan is a theoretical expected value calculated at the date of grant by multiplying the number of RSUs granted by the closing prices of the Common Shares on the date before the applicable calculation date, being each of the following values: \$0.24 for RSUs issued on August 20, 2019, \$0.86 for RSUs issued on August 3, 2018, and \$1.24 for RSUs issued on August 23, 2017.
- (3) The grant date fair value of option-based awards granted to NEOs pursuant to the Option Plan is \$0.08 on August 20, 2019, \$0.25 for Options issued on August 3, 2018, and \$0.34 for Options issued on August 23, 2017. The grant date fair value of Options issued in 2019 for compensation disclosure purposes is calculated using a Black-Scholes option pricing model with the following assumptions: (i) average risk-free interest rate of 1.42%; (ii) average expected life of 2.0 years; (iii) volatility of 61%; and (iv) expected dividend yield of 0%. This methodology is consistent with the method used to estimate the fair value of Options in Western's financial statements.
- (4) These represent annual cash bonuses in respect of the particular fiscal year. There are no non-equity long-term incentive plans.
- (5) All Other Compensation for each of the NEOs is comprised of the following elements: Mr. MacAusland: monthly car allowance, monthly parking, physical wellness allowance and RRSP contributions; Mr. Bowers: monthly car allowance, monthly parking, physical wellness allowance and RRSP contributions; Mr. Harrison: monthly car allowance, monthly parking, physical wellness allowance and RRSP contributions; Mr. Pepper: monthly car allowance, monthly living allowance and 401k contributions; and Mr. Balkwill: monthly car allowance, monthly parking, physical wellness allowance, and RRSP contributions.
- (6) Mr. Pepper's compensation has been translated into Canadian dollars from US dollars using the following closing exchange rates: December 31, 2019: 1.2988, December 31, 2018: 1.3642 and December 31, 2017: 1.2545.

Termination and Change of Control Benefits

Messrs. MacAusland and Bowers (hereinafter the "**Subject Employee**" or "**Subject Employees**") are subject to terms of employment which continue indefinitely and provide for payment of the Subject Employee's annual base salary and participation in certain benefits provided by the Corporation until the employment agreement is terminated. The employment agreements contain provisions providing for the payment by the Corporation to the Subject Employees of certain amounts and benefits in the event of termination and in the event of a "change of control", as described below.

The Corporation is entitled to terminate the employment agreement with either Subject Employee at any time for just cause and is then obligated to pay such Subject Employee's gross salary through to the termination date, any bonus declared but not yet paid, accrued and unused vacation and outstanding expense reimbursements. Either of the Subject Employees may terminate his employment by giving 30 days' written notice.

The Corporation has a right to terminate either of the Subject Employees' employment agreement by paying to the Subject Employee a severance amount (the "**Severance Amount**") equal to (i) 24 months' annual salary, (ii) 20% of amount referenced in (i) as compensation for lost benefits and perquisites, and (iii) the greater of, two times the average of the amount awarded to the Subject Employee as a bonus pursuant to the Corporation's bonus plan in respect of the two most recently completed performance years or two times annual salary. Either of the Subject Employees will be entitled to treat his employment as being "terminated without cause", and be entitled to the Severance Amount, if the Corporation unilaterally makes material changes the Subject Employee's position or duties, title or office, which includes any removal from or failure to re-elect or re-appoint the Subject Employee to any positions or offices, or if the Corporation reduces the Subject Employee's annual salary or the Subject Employee's other remuneration or responsibilities taken as a whole ("**Good Reason**"), unless such changes are made with the consent of the Subject Employee. The executive employment agreements contain standard non-solicitation provisions that prohibit the Subject Employees from soliciting Western's employees or customers for one year following the cessation of employment. Furthermore, for one year following the cessation of employment, the Subject Employee is prohibited from (i) making an offer for shares or assets of Western; (ii) soliciting proxies to complete an offer for shares or the assets of Western; and (iii) instituting any type of shareholder proposal.

In the event of a change of control (as defined below), each of Subject Employees is entitled to the Severance Amount if (i) his employment is terminated by the Corporation without cause within 60 days of the date of a Change of Control; or (ii) Good Reason exists, then the Subject Employee may provide 30 days written notice of his intent to terminate his employment within 60 days of the date of the Change of Control and the existence of Good Reason.

The executive employment agreements define a "**Change of Control**" as follows: (i) the purchase or acquisition of Common Shares and/or securities convertible into Common Shares or carrying the right to acquire Common Shares ("**Convertible Securities**") as a result of which a person, group of persons or persons acting jointly or in concert, or any affiliates or associates of any such person, group of persons or any of such persons acting jointly or in concert (collectively the "**Holders**") beneficially own or exercise control or direction over Common Shares and/or Convertible Securities such that, assuming after the conversion of the Convertible Securities beneficially owned by the Holders thereof, would have the right to cast more than 30% of the votes attached to all Common Shares; (ii) an

amalgamation, arrangement, merger or other consolidation or combination of the Corporation with another entity pursuant to which the shareholders of the Corporation immediately thereafter do not own securities of the successor or continuing entity which would entitle them to cast more than 50% of the votes attaching to all of the Common Shares; (iii) a liquidation, dissolution or winding up of the Corporation; (iv) the sale, lease or exchange of all or substantially all of the assets of the Corporation; (v) the election at a meeting of the Corporation's shareholders of a number of directors, who were not included in the slate for election as directors approved by the prior Board, and would represent a majority of the Board; (vi) the appointment of a number of directors which would represent a majority of the Board and which were nominated by any holder of voting shares of the Corporation or by any group of holders of voting shares of the Corporation acting jointly or in concert and not approved by the Corporation's prior Board; or (vii) a determination by the Board that there has been a change, whether by way of a change in the holding of Common Shares, or otherwise in the ownership of the Corporation's assets or by any other means, as a result of which any person or group of persons acting jointly or in concert is in a position to exercise effective control of the Corporation.

The table below sets out an estimated aggregate amount that each of Messrs. MacAusland and Bowers would have been entitled to receive if he had been terminated without cause, or if Good Reason exists following the occurrence of a Change of Control, on December 31, 2019.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Long-Term Incentive Equity Plans

In order to attract and retain qualified personnel and provide incentives and rewards to the directors, officers, employees and consultants of Western, the Board has adopted long-term incentive equity plans which include the Option Plan and the RSU Plan.

The Option Plan authorizes the Board to grant Options to purchase Common Shares to directors, officers, employees and consultants of Western.

The RSU Plan authorizes the Board to issue RSUs which entitle the holder to either receive, at the Board's discretion, one Common Share or the cash equivalent of the fair market value of one Common Share to directors, officers, employees and consultants of Western.

Under the Option Plan and the RSU Plan, the aggregate number of Common Shares issuable upon exercise of Options granted thereunder may not exceed 10% of the issued and outstanding Common Shares from time to time and up to 5% of the Shares will be allocated to the RSU Plan for treasury settled RSUs and the Common Shares reserved for issuance to any one person shall not exceed 5% of the outstanding Common Shares from time to time.

Summary of Option Plan

The following is a summary of the Option Plan.

This summary is qualified in its entirety by reference to the full text of the Option Plan, which was filed on May 1, 2017 under Western's profile at www.sedar.com.

Purpose

The purpose of the Option Plan is to develop the interest of existing or proposed directors, employees and consultants of Western and its subsidiaries and other persons who provide ongoing management or consulting services to Western or its subsidiaries in the growth and development of Western by providing them with the opportunity through share purchase options to acquire an increased proprietary interest in Western.

Participation Limits

The Option Plan provides that the number of Common Shares issuable pursuant to Options granted shall not exceed 10% of the aggregate number of issued and outstanding Common Shares at any given time. The number of Common Shares issuable to insiders pursuant to Options granted under the Option Plan and any other security based compensation arrangement at any time may not exceed 10% of the outstanding Common Shares, and the number of Common Shares issued to insiders, within any one year period, under the Option Plan and any security based compensation arrangement may not exceed 10% of the outstanding Common Shares. The maximum number of Common Shares that may be issued to any one participant under the Option Plan is 5% of the outstanding Common Shares.

The maximum number of Common Shares issuable to non-employee directors under the Option Plan shall not exceed 1% of the total number of Common Shares outstanding from time to time and the total annual grant to any one non-employee director shall not exceed an annual equity value of \$100,000 to each non-employee director (based on a Black-Scholes calculation). Grants of Options and grants under any other security based compensation arrangement to non-employee directors shall not exceed an annual equity value of \$150,000 to each non-employee director (based on a Black-Scholes calculation).

Number of Common Shares Issued and Issuable

As of December 31, 2019, there were 7,326,530 Options issued and outstanding, representing 7.9% of the issued and outstanding Common Shares. Accordingly, as at December 31, 2019 when combined with the total number of Common Shares reserved for issuance under the RSU plan there were approximately 1,277,354 unallocated Options available for issuance under the Option Plan representing approximately 1.4% of the issued and outstanding Common Shares. The Corporation's annual burn rate, as calculated in accordance with Section 613(p) of the TSX Company Manual, under the Option Plan was as follows:

	2019	2018	2017
Total Options Granted	2,221,410	2,906,040	1,422,111
Weighted average number of Common Shares	92,379,902	92,224,585	77,601,827
Annual burn rate ⁽¹⁾	2.4%	3.2%	1.8%

Notes:

- (1) The burn rate is calculated based on the total number of Options granted in the year divided by the weighted average number of Common Shares issued and outstanding during the year. The burn rate is subject to change, from time to time, based on changes in the components to the calculation.

No Common Shares were issued pursuant to the Option Plan during the financial year ended December 31, 2019.

Granting of Options

The Option Plan provides that, at the time of granting an Option under the Option Plan, the Board (or a committee thereof) will determine the exercise price when such Option is granted subject to any limitations imposed by any relevant stock exchange or regulatory authority and the exercise price shall not be less than an amount equal to the market value of the Common Shares. The market value is defined in the Option Plan as the closing price on the trading day prior to the date of grant on the TSX. As well, the Board (or a committee thereof) will determine, at the time of granting an Option under the Option Plan, the expiry date of each Option (not to exceed 5 years after the date of grant) and the extent to which each Option vests.

Vesting

The Board (or a committee thereof) may, in its sole discretion, determine the time during which Options shall vest and the method of vesting, or that no vesting restriction shall exist. In the absence of any such determination as to vesting, vesting shall be as to 1/3 on the first anniversary of the date of grant, 1/3 on the second anniversary of the date of grant and 1/3 on the third anniversary of the date of grant.

The Board has resolved that vesting provisions for Options granted by Western shall vest 1/3 on the first anniversary of the date of grant, 1/3 on the second anniversary of the date of grant and 1/3 on the third anniversary of the date of grant.

Change of Control, Amalgamation or Sale

If an optionee ceases to be a participant of the Option Plan as a result of a Change of Control and the termination of such optionee's employment with Western either (i) by Western without Just Cause; or (ii) by the optionee for Good Reason (as such terms are defined in the Option Plan). In either case in connection with or within 12 months of such Change of Control, the vesting date for all outstanding Options held by such optionee shall be deemed to have occurred on the date notice of termination of employment by the optionee is given by Western or on the date such notice is given by the optionee to Western, as the case may be.

In the event of a Change of Control of the Corporation, a participant in the Option Plan shall be entitled to make an offer to the Corporation for the disposition and surrender of their Options for an amount (not to exceed the fair market value) specified therein and the Corporation may (but is not obligated to) accept such offer subject to regulatory approval. If the offer is accepted, the Options in respect of which the offer relates shall be surrendered and deemed to be terminated and cancelled and shall cease to grant its former holder any further rights thereunder upon payment of the amount agreed to by the participant and Western.

The Option Plan also states that if Western amalgamates with another entity or sells all or substantially all of its assets in exchange for shares of another entity, Western shall make provision that upon exercise of an Option following the effective date of such transaction, the holders of Options shall receive shares in the successor entity on the same basis the Option holder would have received if the Option holder had purchased shares of Western immediately prior to the amalgamation or sale and that upon making such provision the obligation of the Corporation to the holders of Options in respect of the Common Shares subject to the Option shall terminate. Any adjustments or any determinations as to fair market value of any securities pursuant to the foregoing shall be made by the Board (or a committee thereof), and any reasonable determination made by the Board (or a committee thereof) shall be binding and conclusive.

Take-over Bid

If the Board approves a take-over bid of Western by another entity, unvested Options held shall accelerate to allow holders to exercise their Options to tender shares issuable pursuant thereto to the bid but shall be deemed not to have been issued if the bid is not successful. If such an approved take-over bid occurs, an Option holder has the right

to exercise all of their Options; however, any Options not yet vested and exercisable may only be purchased for tender pursuant to the take-over bid. If an Option holder does not exercise and tender to the bid, the Options outstanding after the bid may be cancelled by paying the holder the difference between the exercise price and the fair market value of the securities the Option holder would have received if their Options had been exercised.

Additional Terms

If an Option holder ceases to be an employee or a director of Western, or providing ongoing management or consulting services to Western, as the case may be, the Option shall terminate on a date set forth in the Option agreement, such date not to be in excess of six months from the date of such termination. The Option Plan states each Option shall provide that upon the death of an optionee, the Option shall terminate on a date determined by the Board (or a committee thereof), which shall not be more than 12 months from the date of death and, in the absence of such determination, such date shall be 6 months from the date of death. The Option Plan does not provide for any assignability of Options.

Western does not provide financial assistance to plan participants in connection with the Option Plan.

Amendments

The Option Plan also provides that the Board may, in its sole discretion and without further approval of the shareholders of Western, amend, suspend, terminate or discontinue the Option Plan and may amend the terms and conditions of Options granted under the Option Plan, subject to any required approval of any regulatory authority or applicable stock exchange. Subject to any required regulatory approval of any regulatory authority or stock exchange, the Board may at any time alter, amend or vary the Option Plan without the approval of the shareholders of Western if the alteration, amendment or variance does not: (a) increase the number of shares that can be issued under the Option Plan; (b) reduce the exercise price of an outstanding Option except for the normal anti-dilution provisions whereby option values are maintained in connection with a subdivision, consolidation, conversion, reclassification, re-division or re-designation of Common Shares or a reorganization, amalgamation, consolidation, merger, takeover bid or similar transaction involving Western; (c) extend the expiry date of an outstanding option or amend the Option Plan to permit the grant of an option with an expiry date of more than five years from the grant date; (d) allow for the transfer of Options, except if the transfer is to an entity controlled by the Option holder, a charity or for estate planning or estate settlement purposes; (e) expand the categories of individuals eligible to participate in the Option Plan; (f) amend the Option Plan to remove or exceed participation limits of non-employee directors; or (g) amend the Option Plan to provide for other types of compensation through equity issuance.

Summary of RSU Plan

The following is a summary of the RSU Plan for the year ended December 31, 2019. In 2016, the Board adopted the RSU Maximum Issuance Amendment and the Administrative RSU Plan Amendments both of which approved by shareholders of the Corporation in 2017.

This summary is qualified in its entirety by reference to the full text of the RSU Plan, which was filed on May 1, 2017 under Western's profile at www.sedar.com.

Purpose

The purpose of the RSU Plan is to: (i) strengthen the ability of Western and its affiliates to attract and retain qualified directors, employees and consultants of Western ("**Eligible Participants**"); (ii) align the interests of Eligible Participants with the interests of the Shareholders; and (iii) focus management of Western on operating and financial performance and total long-term Shareholder return by providing an increased incentive to contribute to Western's growth and profitability.

Compensation under the RSU Plan

The RSU Plan provides for the issuance of RSUs. An RSU award entitles the grantee thereof to receive, on each applicable vesting date, either: (i) at the election of the Board or any committee of the Board delegated responsibility for the RSU Plan (either the Board or such committee of the Board referred to as the "**RSU Plan Committee**") (A) the number of Common Shares deliverable on such vesting date pursuant to the terms of the RSU grant or (B) such lesser number of Common Shares as the RSU Plan Committee may determine in partial satisfaction of the number of

Common Shares deliverable on such vesting date pursuant to the terms of the RSU grant; or (ii) unless the RSU Plan Committee determines to issue, in full settlement therefore, Common Shares on such vesting date in respect of an RSU award, a cash payment equal to the Fair Market Value (as such term is defined in the RSU Plan, determined on the basis of a volume weighted average for the five days on which the Common Shares were traded immediately preceding such date) of a Common Share on such vesting date multiplied by the number of RSUs that vest to the grantee on such vesting date.

The RSU Plan Committee may consider the following factors in making RSU awards: (i) compensation data for comparable benchmark positions among the Corporation's competitors; (ii) the duties and seniority of the Eligible Participant; (iii) the performance of the Eligible Participant in the prior year relevant to the Performance Measures (as defined in the RSU Plan) of the Corporation for the relevant performance period; (iv) individual and/or departmental contributions and potential contributions to the success of the Corporation; and (v) such other factors as deemed relevant in connection with accomplishing the purposes of the RSU Plan.

Western does not provide financial assistance to plan participants in connection with the RSU Plan.

Vesting

An award under the RSU Plan shall vest as to one third on each anniversary date following the date such RSU is granted, subject to accelerated vesting in the event of a Change of Control and the Eligible Participant ceasing to participate in the RSU Plan either (A) as a result of a Termination Without Cause; or (B) by the Eligible Participant for Good Reason (as such terms are defined in the RSU Plan) in either case in connection with or within 12 months of such Change of Control, provided that the vesting date for all RSUs granted under a particular award shall not be later than November 30 of the third year following the year the particular award was made.

Common Shares Subject to the RSU Plan

The maximum number of Common Shares which may be reserved for issuance: (i)(A) under the RSU Plan shall not exceed 5% of the total number of Common Shares issued and outstanding from time to time; and (B) when combined with the maximum number of Common Shares which may be reserved for issuance under all other security based compensation arrangements of the Corporation shall not exceed 10% of the total number of Common Shares issued and outstanding from time to time; and (ii) to "insiders" and their "associates" and "affiliates", as such terms are defined by the *Securities Act* (Alberta), under the RSU Plan and all other security based compensation arrangements of Western cannot exceed 10% of the Common Shares issued and outstanding from time to time. In addition, the number of Common Shares which may be issued to insiders within any one year period under the RSU Plan and all other security based compensation arrangements of Western cannot exceed 10% of the total number of Common Shares issued and outstanding from time to time.

The number of Common Shares issuable in any 12 month period under the RSU Plan: (i) to any one Eligible Participant shall not exceed 2% of the total number of Common Shares issued and outstanding from time to time; and (ii) to employees whose primary function is conducting Investor Relations Activities (as such term is defined in the RSU Plan) shall not exceed in the aggregate 2% of the total number of Common Shares issued and outstanding from time to time.

The maximum number of Common Shares issuable to non-employee directors under the RSU Plan shall not exceed 1% of the total number of Common Shares outstanding from time to time, and the aggregate Fair Market Value (as such term is defined in the RSU Plan) of Common Shares, at the time of grant, granted to any one individual non-employee director, in any 12-month period under the RSU Plan, shall not exceed \$150,000.

Where RSUs are satisfied, terminated or expire in accordance with the RSU Plan, the Common Shares in respect of such RSUs shall thereafter revert to the RSU Plan and shall be included in the total number of RSUs available for issuance under the RSU Plan.

As of December 31, 2019, there were 646,247 RSUs granted and outstanding under the RSU plan, representing approximately 0.7% of the issued and outstanding Common Shares. Accordingly, as of December 31, 2019, when combined with the total number of Common Shares reserved for issuance under the Option Plan, there are

approximately 1,277,354 unallocated RSUs available for issuance under the RSU Plan, representing approximately 1.4% of the issued and outstanding Common Shares. The Corporation's annual burn rate, as calculated in accordance with Section 613(p) of the TSX Company Manual, under the RSU Plan was as follows:

	2019	2018	2017
Total RSUs Granted	408,495	495,110	6,200
Weighted average number of Common Shares	92,379,902	92,224,585	77,601,827
Annual burn rate ⁽¹⁾	0.4%	0.5%	<0.1%

Notes:

(1) The burn rate is calculated based on the total number of RSUs granted in the year divided by the weighted average number of Common Shares issued and outstanding during the year. The burn rate is subject to change, from time to time, based on changes in the components to the calculation.

A total of 195,772 Common Shares were issued pursuant to the RSU Plan during the financial year ended December 31, 2019, representing 0.2% of the total Common Shares outstanding.

Blackout Periods

If an RSU would vest within a Black-Out Period (as such term is defined in the RSU Plan) imposed by the Corporation, or which vest within five business days after a Black-Out Period ends (other than a Black-Out Period imposed due to a cease trade order), the vesting date of the RSUs shall be the earlier of the date which is (i) ten business days from the date any Black-Out Period ends, or (ii) December 31 of the calendar year in which the third anniversary of the grant date falls.

Termination of RSUs

Upon a grantee ceasing to be an Eligible Participant by reason of the retirement of the grantee or due to Disability (as such term is defined in the RSU Plan) of the grantee, all outstanding RSUs previously granted to such grantee shall continue in full force and effect, and vesting and payment in respect of such RSUs shall continue to be made in accordance with the terms thereof, subject to the provisions of the RSU Plan, as if such grantee continued to be an Eligible Participant, provided however that the grantee shall only be entitled to receive on each vesting date, the number of Common Shares equal to the number of RSUs granted multiplied by a fraction (A) the numerator of which is the number of days the grantee was an Eligible Participant of the Corporation during the applicable vesting period and (B) the denominator of which is the total number of days comprising the applicable vesting period.

Upon the grantee ceasing to be an Eligible Participant due to the death of the grantee, the grantee shall be entitled to the number of RSU's granted (whether vested or not) multiplied by a fraction (A) the numerator of which is the number of days the grantee was an Eligible Participant during the applicable vesting period and (B) the denominator of which is the total number of days comprising the applicable vesting period.

Upon the grantee ceasing to be an Eligible Participant due to termination not for cause, effective as of the date of the termination without cause, all unvested RSUs held by such grantee shall be terminated and all rights to receive any payment thereunder shall be forfeited by the grantee and the grantee shall not be entitled to receive any compensation in lieu thereof, provided that the RSU Plan Committee may determine in its sole discretion, prior to the date such RSUs would otherwise terminate, to extend the date upon which such securities terminate.

Upon the grantee ceasing to be an Eligible Participant due to voluntary resignation by the grantee, all RSUs previously credited to such grantee which did not vest on or prior to the last day of any notice period applicable in respect of such grantee's voluntary termination date, shall be terminated and forfeited as of the grantee's termination date (or such longer period as determined by the RSU Plan Committee in its sole discretion).

In the event of the grantee ceasing to be an Eligible Participant due to involuntary termination for cause, effective as of the date notice is given to the grantee of such termination, all unvested RSUs held by such grantee shall be terminated and forfeited.

Assignability

Except if a grantee dies, in which case Common Shares or cash shall be delivered to the grantee's legal representative or beneficiary (as set forth in the RSU Plan), RSUs may not be transferred or assigned.

Adjustments

If the number of outstanding Common Shares changes as a result of (i) any change in the Common Shares through subdivision, consolidation, reclassification, or amalgamation or merger that is not a Change of Control or otherwise; (ii) rights being granted to Shareholders to purchase Common Shares at prices substantially below Fair Market Value; or (iii) Common Shares being converted into or exchangeable for other securities as a result of any reorganization, recapitalization, merger, consolidation or other transaction that is not a Change of Control, the RSU Plan Committee may make appropriate adjustments to the number of the RSUs outstanding which the RSU Plan Committee may, in its sole discretion (subject only to TSX approval if required), consider appropriate in the circumstances to prevent substantial dilution or enlargement of the rights thereunder.

In the event the Corporation pays a dividend on the Common Shares subsequent to the granting of a RSU, the number of Common Shares issuable pursuant to such grant of RSUs (or a cash payment in lieu of the issuance of Common Shares) shall be increased to account for the payment of such dividend.

Change of Control

If, before the vesting of a RSU in accordance with the terms thereof, a Change of Control (as defined in the RSU Plan) occurs prior to any of the vesting dates respecting a RSU, and if a grantee ceases to be an Eligible Participant either (A) as a result of a Termination Without Cause, or (B) by the grantee for Good Reason (as such terms are defined in the RSU Plan) in either case, in connection with or within 12 months of such Change of Control all of a grantee's RSUs that have not yet vested as of such time shall vest on the date the notice of termination of employment, and payment shall be made to the grantee within 31 days of such date, or such other date as may be agreed to by Western and the grantee.

Foreign Grantees

The Corporation may, without amending the RSU Plan, modify the terms of RSUs granted to Eligible Participants who provide services to the Corporation from outside of Canada in order to comply with the applicable laws of such jurisdictions (which shall be reflected in the award agreement). In addition, the terms of the RSUs granted to grantees subject to taxation in the United States will be subject to and will be determined by taking into consideration the terms stated in Appendix A to the RSU Plan.

Amendments

The RSU Plan provides the RSU Plan Committee with the discretion to make certain amendments to the RSU Plan without the approval of Shareholders, provided that no such amendment to the RSU Plan shall cause the RSU Plan to cease to be subject to paragraph (k) of the definition of "salary deferral arrangement" as contained in the *Income Tax Act* (Canada).

In particular, the RSU Plan Committee may make amendments: (i) resulting in an addition to, deletion from or alteration of the RSU Plan or a RSU award that is necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange; (ii) to correct or rectify any ambiguity, defective provision, error or omission in the RSU Plan or a RSU award; and (iii) any other amendment that does not require shareholder approval under paragraph 7(d) of the RSU Plan.

Shareholder approval will be required for: (i) any increase in the maximum number of Common Shares reserved for issuance under the RSU Plan; (ii) any extension of the term of an RSU award benefiting any Eligible Participant; (iii) any amendments to the RSU Plan to remove or to exceed the insider or non-employee director participation limits set forth in the RSU Plan; (iv) any change to the categories of individuals eligible to be selected for grants of RSU awards, where such change may broaden or increase the participation of insiders under the RSU Plan; (v) any amendment that would permit unit awards to be transferable or assignable other than for normal estate settlement purposes; and (iv) any amendment to the amendment provisions of the RSU Plan.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 - *Corporate Governance Guidelines* ("**NP 58-201**") establishes corporate governance guidelines which apply to all reporting issuers. Corporate Governance is the process and structure used to direct and manage the business and affairs of Western to achieve the Shareholders objectives. The Shareholders elect the directors who in turn are responsible for overseeing all aspects of the operations of Western, appointing management and ensuring that the business is managed properly, taking into account the interests of the Shareholders and other stakeholders such as employees, customers, suppliers, and the community at large. Western is required to disclose certain specified corporate governance information with reference to NP 58-201 and National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, addressing such items as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness of education of boards. The Board of Western, through the Corporate Governance and Compensation Committee, monitors changes with respect to corporate governance practices and regulatory requirements. The following disclosure describes the corporate governance policies and initiatives developed by Western.

Committees of the Board

The Board delegates specific responsibilities to committees of the Board. The responsibilities of the committees empower the committees to advise and formulate recommendations to the Board; but, generally, do not allow the committees the authority to approve matters on behalf of the Board.

There are currently three Board committees. The table below indicates the composition of each committee.

Name	Audit	Corporate Governance & Compensation	Health, Safety & Environment
Ronald P. Mathison (Chair of the Board)	---	---	---
Alex R.N. MacAusland	---	---	✓
Donald D. Copeland	✓	✓	Chair
Lorne A. Gartner	✓	Chair	✓
John R. Rooney	Chair	✓	✓

For further details on the Audit Committee, please refer to the section entitled "Audit Committee" in Western's annual information form for the financial year ended December 31, 2019 available under Western's profile on SEDAR at www.sedar.com.

The Corporate Governance and Compensation Committee has the general responsibility for developing and monitoring Western's approach to corporate governance matters and is responsible for recommending to the Board its size, composition and membership, succession planning for directors and Board committee structure. The Corporate Governance and Compensation Committee is also responsible for certain compensation matters, including compensation policy, reviewing succession planning, evaluating the CEO, reviewing and recommending to the Board the CEO's, executive officers' and directors' compensation, and monitoring incentive arrangements. For further details on the Corporate Governance and Compensation Committee, please refer to the section of this Information Circular entitled "*Statement of Executive Compensation – Compensation Discussion and Analysis – Corporate Governance and Compensation Committee*".

The Corporation's Health, Safety and Environment Committee assists the Board in its oversight of health, safety and environmental issues, including the evaluation of Western's programs, controls and reporting systems, and compliance with applicable laws, rules and regulations.

Mandates & Position Descriptions

The Board has adopted a written Board mandate that sets out the key roles and responsibilities of the Board. That mandate is attached hereto as Schedule A. The Board has also adopted a written mandate for each committee of the Board that sets out the scope of operations and key roles and responsibilities of that committee. Copies of the written mandates for each of Corporation's committees are available on the Corporation's website at www.wesc.ca, or a copy may also be obtained upon request to the Corporate Secretary of the Corporation at the head office of the Corporation.

Further, the Board has developed written position descriptions for the Board Chair and the chair of each Board committee. The position descriptions of the Board Chair and the chair of each Board committee are available on the Corporation's website at www.wesc.ca. A copy may also be obtained upon request to the Corporate Secretary of the Corporation at the head office of the Corporation.

The position description of the Chair of the Board provides for the chair to provide leadership to the Board and to serve as chair at shareholders meetings. The chair also sets the agenda of all Board meetings and ensures the provision of accurate, timely and clear information to the directors. In addition, the Board Chair supervises the committee chairs. The position description of the committee chairs provides for their participation in the development of committee meeting calendars and agendas. Committee chairs preside over all committee meetings and ensure the orderly and efficient use of time in committee meetings. Committee chairs provide reports to the Board on a regular basis.

The Board has also developed a position description for the CEO, which is available on the Corporation's website at www.wesc.ca. A copy may also be obtained upon request to the Corporate Secretary of the Corporation at the head office of the Corporation. The position description of the CEO includes the following duties and responsibilities: strategy, leadership, relationships, operations, finance, reporting to the Board and relations with Shareholders, employees and the public. In general, the management of the Corporation is empowered to operate the business on a day-to-day basis. However, any responsibility which is not delegated to either management or a committee of the Board remains with the Board. In general, all matters of policy and all actions proposed to be taken which are not in the ordinary course of business require the prior approval of the Board or of a Board committee to which approval authority has been delegated. The corporate objectives are developed by management and approved by the Board.

Independence

The Board believes that it operates in an "independent" and objective manner.

4 of 5 Directors are "Independent"

The Board is currently composed of five members: Ronald P. Mathison, Alex R.N. MacAusland, Donald D. Copeland, Lorne A. Gartner and John R. Rooney. Generally speaking, a director is "independent" if such director has no direct or indirect material relationship with Western and a "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director's independent judgment. Notwithstanding the foregoing, Canadian securities legislation prescribes that certain relationships are material relationships (i.e. any director that has been an executive officer of the company within the past three years will be deemed to have a material relationship with the company and therefore not be independent). After reviewing the roles and relationships of each of the directors, the Board has determined that four out of the five directors are independent. The only non-independent director is Alex R.N. MacAusland who also serves as President and CEO of Western.

Independent Chairs

The Chair of the Board and the chairs of each committee of the Board are all independent directors. The following table sets out the directors that are currently in those roles.

Role	Director	Independent
Chair of the Board	Ronald P. Mathison	✓
Chair of the Audit Committee	John R. Rooney	✓
Chair of the Corporate Governance and Compensation Committee	Lorne A. Gartner	✓
Chair of the Health, Safety & Environment Committee	Donald D. Copeland	✓

The Chair of the Board and the chair of each Board committee manage the affairs of the Board and each committee of the Board, respectively, with a view to ensuring that the Board and each Board committee functions effectively and meets its obligations and responsibilities, and lead the Board and each Board committee, respectively, in the execution of their responsibilities to security holders.

Meetings of Independent Directors

An *in camera* session excluding management and non-independent directors is held at every Board and committee meeting. No meetings of independent directors were held in 2019.

Stakeholder Outreach

Reaching out to stakeholders and listening to their opinions is a core value of Western. The Board encourages stakeholders to engage with appropriate company representatives on relevant matters and actively monitors stakeholder feedback.

Letters addressed to the Board, or any individual independent director, are reviewed as a group to determine if a response from the Board is appropriate. While the Board oversees management, it does not participate in the day-to-day functions and operations of Western and is not normally in the best position to respond to inquiries on those matters. Inquiries on operations or day-to-day management of Western will be directed to the appropriate personnel within Western for a response. The Board has instructed the Corporate Secretary to review all correspondence and, in his discretion, not to forward any items if they are not relevant to Western's operations, policies and philosophies; or are not appropriate for consideration by the Board.

All inquiries will receive a written response from either the Board or management, if appropriate. The Corporate Secretary maintains a log of all correspondence addressed to members of the Board. Directors may review the log at any time and request copies of any correspondence received.

Orientation and Continuing Education

New directors are provided with information about the duties and obligations of directors, the business and operations of the Corporation, documents from recent Board meetings and discussions with senior management and other directors. Each director receives a director's manual, which is updated as required. The directors meet regularly with management and are given periodic presentations on the business. Directors are expected to attend all scheduled Board and committee meetings in person, although attendance by telephone is permissible in

appropriate circumstances. Directors are also expected to prepare thoroughly in advance of each meeting in order to actively participate in the deliberations and decisions.

The Board recognizes the importance of on-going director education and the need for each director to take personal responsibility for this process. Each director is expected to participate in continuing education programs to maintain any professional designation that they may have, and which would be considered in their nomination as a director. In addition, each director is expected to participate in programs that would be necessary to maintain a level of expertise in order to perform his or her responsibilities as a director and to provide on-going guidance and direction to management. To facilitate ongoing education of the Corporation's directors, the Corporate Governance and Compensation Committee may: (a) periodically canvas the directors to determine their training and education needs and interests; (b) arrange ongoing visitation by directors to the Corporation's facilities and operations; (c) arrange the funding for the attendance of directors at seminars or conferences of interest and relevance to their position as a director of the Corporation; and (d) encourage and facilitate presentations by outside experts to the Board or committees on matters of particular importance or emerging significance.

Ethical Business Conduct

The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to directors, officers and employees to help them recognize and deal with ethical issues; promoting a culture of open communication, honesty and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct.

Code of Conduct, Communications Policy & Insider Trading Policy

The Board has adopted a Code of Business Conduct and Ethics ("**Code of Ethics**"), a copy of which is available on the Corporation's website at www.wesc.ca. A copy may also be obtained upon request to the Corporate Secretary of the Corporation at the head office of the Corporation. The Corporate Governance and Compensation Committee has the responsibility for monitoring compliance with the Code of Ethics and also ensures that management encourages and promotes a culture of ethical business conduct. The Board has not granted any waiver of the Code of Ethics in favour of a Director or executive officer. Accordingly, no material change report has been required or filed. The Board also has a Communications Policy which regulates the manner in which material information is determined and disseminated, and an Insider Trading Policy which restricts certain trading in shares to ensure ethical conduct.

Whistleblower Policy

The Board, through the chair of the Audit Committee, also receives reports of all financial or accounting and other appropriate issues raised through Western's anonymous toll-free whistleblower hotline.

Conflicts of Interest

The Corporate Governance and Compensation Committee monitors the disclosure of conflicts of interest by directors and ensures that no director will vote or participate in a discussion on a matter, in respect of which, such director has a material interest.

Nomination of Directors

This responsibility has been assigned to the Corporate Governance and Compensation Committee which is composed entirely of independent directors. If vacancies occur on the Board, the Corporate Governance and Compensation Committee may recommend nominees to the Board. To assist the Corporate Governance and Compensation Committee with reviewing the skill set of director candidates, a skill matrix was developed that sets forth the current make-up of the Board, allowing the Corporate Governance and Compensation Committee to identify criteria that a new candidate for the Board should possess. Criteria in the skills matrix included management, board and industry experience and areas of expertise. Before making a recommendation on a new director candidate, the Chair of the Corporate Governance and Compensation Committee will meet with the candidate to discuss the candidate's interest and ability to devote the time and commitment required to serve on the Board.

Compensation

For information on the process by which the Board determines compensation for executive officers and directors, see the sections of this Information Circular entitled "*Director Compensation*" and "*Statement of Executive Compensation*". In 2017, the Board instituted an Incentive Compensation Clawback Policy, a copy of which is available on the Corporation's website at www.wesc.ca. This policy grants the Board authority to direct and take action to prevent or rectify any unjust enrichment of an executive officer whom may have received incentive compensation as the result of intentional misconduct by the executive. The Corporate Governance and Compensation Committee has the mandate and responsibility to ensure that a process is in place for the annual review of the performance of individual directors, the Board as a whole and the Board committees.

Assessment

The directors are asked to complete a questionnaire which rates items such as structure and size of the Board and each committee, the knowledge and diversity of membership as well as the quality and timeliness of information received for discussion and the overall effectiveness in decision making. The anonymity of any particular submitter is maintained with the aggregate results presented to the Chair of the Corporate Governance and Compensation Committee for discussion and action if required. The results are then communicated to the full Board for discussion and recommendations as necessary.

Director Term Limits and Other Mechanisms of Board Renewal

The Board believes that issues relating to board effectiveness, board renewal and board succession planning are best addressed by a strong chair, a thoughtful governance committee and independent-thinking board members. The Board is responsible for recommending to shareholders from time to time candidates for election to the Board that together contribute the right mix of skills and expertise to the Board. To assist in making those recommendations, the Board periodically conducts both formal and informal reviews of the effectiveness of the Board and individual Board members.

The Board is concerned that imposing arbitrary and inflexible director term limits may result in Western losing valued directors at a time when Western most needs their skills, qualities and contributions, as well as their knowledge of the history and culture of the organization. Mandatory retirement ages pose the same risk and the Board does not want to lose key directors to retirement policies that seem unnecessarily arbitrary and inflexible when they force a high performing director off the Board. As a result the Board does not feel that it would be appropriate to set term limits for its directors but rather relies on the experience of its members to determine when Board renewals, Board removals and Board additions are appropriate.

Gender Diversity

The Corporate Governance and Compensation Committee is responsible for reviewing and assessing Board composition, including the identification of new candidates. The Corporate Governance and Compensation Committee will consider gender and other diversity criteria in identifying and assessing candidates to recommend for nomination or appointment to the Board. To the extent an external advisor is used to identify potential candidates, the external advisor will be instructed to use diversity in its assessment criteria and use best efforts to ensure at least one female candidate is identified.

The Board has adopted a formal diversity policy (the "**Diversity Policy**") for identifying and assessing candidates for the Board. The purpose of the Diversity Policy is to balance the skills, experience and expertise on the Board, with diversity representation, including age, gender, ethnicity and geographic location. In particular, the Diversity Policy recognizes that gender diversity is a significant aspect of diversity and acknowledges the contribution that women with the right skills and experience can make to the diversity of perspectives in the boardroom.

In accordance with the Diversity Policy, on an annual basis, the Corporate Governance and Compensation Committee will (i) assess the effectiveness of the Board appointment and nomination processes at achieving the Corporation's diversity objectives, and (ii) consider and determine measurable objectives for achieving diversity on the Board by considering, among other things, the number of women on the Board and considered for appointment or nomination.

In order to ensure the effective implementation of the Diversity Policy, as part of the annual review, the Corporate Governance and Compensation Committee will review (i) the number of women considered or brought forward for Board positions; (ii) the skills, knowledge, experience and other characteristics of female candidates to ensure such candidates are being fairly considered relative to other candidates; and (iii) the number of women on the Board and the proportion (in percentage terms) of persons on the Board who are women.

The Board believes that appropriate consideration will be given to diversity characteristics pursuant to the Diversity Policy. The Board is actively working toward identifying women whose skills and experience would be appropriate for nomination to the board over the next year. The Board has considered the current executive officer positions of the Company, as well as the makeup of other members of senior management, which includes women. Given current industry conditions and the resulting reduction in Western's work force, including among its executive officers, and the lack of a current intention to incur additional expenses by adding members to its Board, the Board has determined not to adopt formal targets for women in executive officer positions or on the Board at this time.

As at the date hereof, no women are members of the Board and none of the executive officers of Western are women.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As of the date hereof, no current or former director, executive officer or employee of Western is indebted to Western or its subsidiaries. Further, at no time since the beginning of the financial year ended December 31, 2019 did any director, executive officer or proposed director, or any associate of any such director or executive officer or proposed director of Western, owe any indebtedness to Western or owe any indebtedness to any other entity which is, or at any time has been, the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by Western.

MANAGEMENT CONTRACTS

Western has no management contracts or other arrangements in place where management functions are performed by a person or company other than the directors or Senior Executives of Western.

INTERESTS OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

Other than as disclosed under "*Interest of Management and Others in Material Transactions*" in Western's Annual Information Form dated February 27, 2020 and filed under Western's profile on the SEDAR website located at www.sedar.com, Western is not aware of any material interest, direct or indirect, of any informed person of Western, any proposed nominee for election as a director of Western or any associate or affiliate of any of the foregoing in any transaction that took place since the beginning of the most recently completed financial year or in any proposed or ongoing transaction of Western which has or would materially affect Western or any of its subsidiaries.

INTERESTS OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED ON

No person who has been a director or executive officer of Western at any time since the beginning of the last financial year, nor any proposed nominee for election as a director of Western, nor any associate or affiliate of any of the foregoing, has any material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors or the appointment of auditors.
